ISSUE No. 32

AFTER BRIXTON

NOW DO YOU BELIEVE US?

". . . IF THEY HAD A PLAN, I THINK WE WOULD HAVE LOST. . ."

–A Police Superintendent

"BRITAIN ENTERS THE ERA OF THE GREAT TERROR." That was the headline on the April issue of *National Front News*. We were immediately accused of being "alarmist" and "extremist". NF members in some areas were even hounded off the streets by the Police when selling the paper.

But two weeks after that issue appeared, Brixton exploded in the worst orgy of rioting and looting Britain has experienced this century.

The two key political facts to bear in mind about the riot are these:

1) **The Brixton riot was a RACE RIOT.**

The pro-multi-racial media will try and kid you that it was "not a race riot" because a small number of imported White communist agitators helped the Blacks with their rioting, and a small number of degenerate local Whites joined in with the looting.

But can it seriously be suggested that such a riot would have taken place had only the White Trash element been on the streets?

No – the riot took place because 2,000 Blacks were on the streets bent on making war on White society.

2) **The riot was not caused by "social deprivation"**

There are many areas in Britain with bad housing conditions and high unemployment – especially in the North-East of England, in Scotland and South Wales. Yet the people of those areas have not engaged in rioting and looting rampages.

During the Great Slump of the 1930's – when conditions were much worse than they are today – our grandparents did not wreck their local communities.

INEVITABLE

The truth is that the riot at Brixton – and the similar riot at Bristol last year – was the inevitable outcome of the wholly predictable inability of millions of Black immigrants to fit into British society.

When the Blacks go on the rampage they express their rage at having been made a victim of the cruel practical joke known as "the Multi-Racial Society".

Unfortunately they do not wreak their revenge on the perpetrators of the 'joke' – Tory, Labour and Liberal politicians – but on Policemen, local White traders and, of course, easy-to-mug White old folk.

Britain will have no peace until we put an end to the multi-racial joke. STOP IMMIGRATION – START REPATRIATION!

HEY! WHITEY!

YES – *YOU!* The Brixton riot wasn't just "something on the telly". It was *real*. It actually *happened!* And it's going to happen *again* . . . perhaps in *your* neighbourhood.

Your house might get burned out. You or one of your family might get hurt – or KILLED.

And if that did happen, whose fault would it be?

YOUR fault!

Why? Because if you vote Conservative, Labour or Liberal you will have got what you voted for!

It was Tory, Labour and Liberal politicians who instigated Coloured Immigration – not the National Front.

It was Tory, Labour and Liberal politicians who brought in the Race Relations Act to promote the Multi-Racial Society – not the NF.

We warned you that Immigration and race-mixing would end in race war, but you ignored us.

Isn't it time you joined us in the fight for *your* survival?

REPATRIATION OR RACE WAR!

IT TAKES HEAT TO PRODUCE STEEL

THE ESTABLISHMENT is getting rattled. It has consistently backed down in the face of widespread Black rioting: in New Cross where thousands went on the rampage; in Birmingham where Black rioters were arrested but then released for fear of provoking worse riots; and in Bristol where the Director of Public Prosecutions dropped riot charges "in the interests of Community Relations."

In contrast, the National Front has faced an onslaught without parallel.

We have been forced to evade bans on our marches in London, Yorkshire and the West Midlands. We have seen our newspaper sellers harassed by the police – particularly at Chelsea, where members have been arrested and assaulted by the Police acting on "Home Office orders."

We report elsewhere in this issue the Race Act prosecution of Joe Pearce, the editor of *Bulldog*. We have seen arson attempts on the homes of our members as occurred at the home of the National Front's Bolton Organiser.

But we are not dismayed. The fact that our enemies attack us proves we are on the right lines. Furthermore, while some of our supporters may drop out, unable to take the heat, the majority will be hardened. **It takes plenty of heat to make the best steel!**

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful – only "racial hatred".

IMPORTS UP! UNEMPLOYMENT UP! CLOSURES UP!

BRITAIN UP THE SPOUT!

THREE weeks after Geoffrey Howe presented his "No-Hope" budget, a total of 364 economists signed a statement which called on the Government to reject its present disastrous monetarist policies.

They stated:

"Present policies will deepen the depression, erode the industrial base of our economy and threaten its social and political stability."

On the same day the Confederation of British Industry warned that by early next year unemployment would have grown by another 750,000 and that the recession shows no sign of 'bottoming out'.

The Government's policies, far from helping to avert this disaster, are making Britain's economic problems even worse.

Geoffrey Howe's Budget raised £3500 million from increased personal taxation, increased duties on petrol, drink and tobacco and from increased business taxation.

This increased tax burden will reduce purchasing power – and thus the demand for goods – and this in turn will push Britain further down the recessionary spiral.

Geoffrey Howe

The money that was raised in this budget is not being used for investment in new industries and new factories. Most of it will be used on current expenditure or will go to servicing the massive Government debt.

The Budget took £1000 million more away from the oil companies which although they are supra-national companies, have at least been investing in Britain.

Yet it only took a pathetic 2½% "once and for all" levy from the Bankers' monstrous profits – and even then it confined itself to the main clearing banks.

The budget made no attempt to introduce import controls or import taxes, which would both raise revenue for the Government and reduce the flood of imports into this country which would provide more jobs for British workers.

The failure to halt this import flood is causing the complete disintegration of some of Britain's main industries.

Our once great textile industry has been losing about 2000 jobs each month for the last year and imports now account for over 58% of the total market.

TEXTILE DISASTER

Some firms which until recently were manufacturers have only survived by closing factories and becoming importers. The result of this is that some towns have lost over half their industry as a result of textile mill closures.

Computers have been one of the big growth industries over the last few years, yet ICL, Britain's biggest computer firm, recently sacked 2000 graduate trainees and is now so bankrupt it has had to beg the Government for help.

The latest twist in the collapse of British industrial power is the way in which the Japanese are now seeking to make factories in this country totally dependent on imports from Japan.

In early February this year the makers of Datsun cars announced that they wanted to build a factory in this country. Ministers, such as Norman Tebbit, Minister of State for Industry, and TUC leaders, such as Len Murray and Moss Evans, were ecstatic over the plan.

They claimed that the factory would employ up to 5000 men and that this would be of benefit to everyone.

MORE REDUNDANCIES

However when pressed, Mr. Tebbit revealed that only 60% of the content of each car would be produced in Britain, the rest being imported from Japan, and that the Government would be giving Datsun financial support – which has been unofficially estimated at £80 million.

Last year Datsun had 6% of the UK car market. This proposed factory would produce double this quantity and Datsun would still be able to import cars from Japan. This means that the total value of imports by Datsun is bound to increase substantially.

Senior British motor executives have already said that rather than reduce imports such a factory would simply erode the share of the market held by British Leyland and this would cause more redundancies.

NO BRITISH FIRM

This type of operation and the proposed British Leyland-Honda link-up could mean that Britain's motor industry will very soon be totally dependent on Japan and America with no wholly British firm having the capacity to produce cars in volume.

With this type of sell-out being perpetrated by the Conservatives, it is scarcely surprising that we have soaring unemployment and a record rate of bankruptcies.

Only by putting British industry and British jobs first will Britain survive as a civilised industrial society.

TRAITORS!

CONSERVATIVE

'The Bill continues to extend British Citizenship to children of people who, while settled, are not themselves British Citizens'
– Timothy Raison, MP, Tory Home Office Minister of State

'The next Labour Government will give 71,000 people the immediate right to enter Britain'
– Roy Hattersley, MP, Labour Shadow Home Secretary

LABOUR

DO YOU think that there is a substantial difference between the Conservative and Labour parties on the subject of Coloured Immigration?

If you do, then consider the following extracts from speeches recently made by Tory Home Office Minister of State Timothy Raison, MP, and Labour Shadow Home Secretary Roy Hattersley.

(If you are a patriot, then once you have read what they had to say the only thing you are likely to debate is which of these two traitors should be hanged first!)

On 15th March **Timothy Raison** went to a meeting at the Sikh Temple in Slough in order to assure the Asian community that there was nothing racialist about the Tory Government's new Nationality Bill.

"Nothing could be further from the truth," he whined. "There are already a great many people in the United Kingdom who hold our citizenship after coming here from overseas.

"ENTIRELY NON-RACIAL"

"They will all become British citizens irrespective of race or cultural background. And the acquisition of citizenship when the Bill becomes law will be on an entirely non-racial basis.

"The child born here after the new legislation comes into force will be a British citizen if one of his parents is a British citizen, or settled.

"The fact that the Bill continues to extend British citizenship to the children of people who, while settled, are not themselves British citizens, is the clearest possible indication that the Bill is not racialist."

On 8th February **Roy Hattersley** declared on a London Weekend TV interview:

"The next Labour Government will repeal the present Nationality Bill. If this policy meant some additional Immigration into Britain, then that should be accepted," he belched.

On 9th April, in giving 'evidence' to a House of Common Committee, he boasted that Labour's policy "would give up to 71,000 people the right to immediate entry to Britain."

"I voted for the 1968 Immigration Act, but the Act was wrong because it broke the promises made to East African Asians at the time when the East African states in which they lived became independent. The next Labour Government will repeal that Act."

Hattersley was careful not to say whether or not the next Labour Government intended to grant the 130,000 Malaysians the same 'right' of entry into Britain as he proposed to give to 71,000 East African Asians.

Meanwhile, it is reported that the Tory Government had decided to allow into Britain an additional quota of Vietnamese 'Boat People'.

SOCIAL DEMOCRATS ARE A LOAD OF 'MERCHANT BANKERS'

The 'Gang of Four': Bill Rogers, Shirley Williams, 'Woy' Jenkins and David Owen

THE NEWLY formed Social Democratic Party are not just 'Merchant Bankers' in terms of Cockney rhyming slang, but also in terms of the people and organisations that are backing them.

Within hours of the launch of the SDP one of their leaders, Dr. David Owen, had flown out of Britain. Rather than trying to gain the support of the British people, he was in America grovelling to the magnates of the notorious Trilateral Commission.

David Owen was invited to explain his policies to the Commission which includes many of the top men in International Finance – men who decide which political parties Big Business will back financially.

Boss of the Commission is David Rockefeller who, as owner of the Chase Manhattan/Standard Oil empire, is one of the world's most powerful men.

The Commission should have been quite happy with the policies of the SDP which are designed to ensure Britain's continuing subservience to international monopoly capitalism.

EURO-FANATICS

Their manifesto includes a commitment to continued membership of the Common Market. Indeed, one of their leaders, 'Woy' Jenkins, was until very recently President of the European Community. David Owen frequently expresses his aim of a "politically integrated" Europe.

In their entire manifesto there is not a single concrete proposal for reducing unemployment or solving our other economic problems that has not already been tried by the other parties and which has not already failed.

Rockefeller

Most of the other points in their manifesto could equally well have come from the Tory, Labour or Liberal parties: "We believe in a mixed economy" . . . "There must be a fair distribution of wealth" . . . "No discrimination on grounds of race, colour or religion" . . . "We must not isolate ourselves from the Third World".

The launching of the Social Democratic Party has been like the launching of a 'new' brand of soap powder: there is a new box and a new name – but the contents are still the same.

The SDP represents a drive to a multi-racial World Government run by and for the likes of David Rockefeller.

ZIONIST JEWS AND POLICE "MAINTAIN FRUITFUL LIAISON"

MORE evidence is coming to light of the extent to which Zionist Jews are able to exert an influence over the Home Office and the Police.

This influence is exerted through The Board of Deputies of British Jews and Zionist-owned multi-national companies.

In our March issue we reported Home Secretary William Whitelaw's announcement of a Police crack-down on "racialist groups" to representatives of the "all party" Joint Committee Against Racialism – a pressure group instigated by the Board of Deputies in 1978.

Co-ordinated with Whitelaw's announcement was the publication in *Police Review* of a feature entitled "Playing at Nazis?"

While the article principally attacked British Movement, it contained much false information about the racial-nationalist movement in general.

HOSTILITY CONDITIONING

Its clear purpose was to condition Police officers to regard racial-nationalists with strong hostility just at the time when they were being ordered to harass 'Right Wing' groups.

The article was prepared from 'research' material provided by Dr. Jacob Gewirtz, Executive Director of the Board of Deputies' Defence Committee; and Maurice Ludmer, the Jewish Editor of *Searchlight* magazine, who helps to organise bloody riots in his capacity as a member of the Steering Committee of the Anti-Nazi League.

The JCAR is the least of the Zionist-run pressure groups operating on the Home Office and the Police.

On 6th February *The Guardian* announced the formation of a "research institute" called the Police Foundation.

Chairman of the PF is the ardent pro-Zionist 'Lord' Harris of Greenwich – a former Minister of State at the Home Office.

ELDERS OF ZION

Principal financial patron of the PF is 'Lord' Sieff, boss of Marks & Spencer, who donates millions to Israel.

The man who drafted the PF's trust deed is another Elder of Zion, 'Lord' Goodman.

Trustees of the group will be:

Sir Robert Armstrong, Permanent Under-Secretary at the Home Office; Sir David McNee, Metropolitan Police Commissioner: 'Sir' Philip Knights, West Midlands Chief Constable; Sir Douglas Osmond, former Hampshire Chief Constable – plus the 'Noble Lords' Harris, Sieff and Goodman.

The PF's Director is Mr. Barrie Irving, formerly of the Tavistock Institute for Human Relations.

The alleged purpose of the PF is to "promote more effective administration of the law, and more effective Police organisation, method and officer training."

Zionists are already smug about the influence they exert over the Police, as a recent report (*see left*) in the *Jewish Chronicle* reveals.

A couple of months ago the Board of Deputies persuaded a number of Fleet Street papers to run campaigns against the sale of *NF News* outside football clubs – especially Chelsea FC.

A WATERSHED

The Board had been particularly incensed by a 'Chelsea NF' leaflet which criticised the decision of "rich Jewish businessmen" on the club's board to sell off the Shed (a stand where youngsters congregate) to property speculators.

On his right is Assistant Commissioner Wilfred Gibson.* **First right:** *Lord Harris of Greenwich, Chairman of the 'Police Foundation'.* **Second right:** *Lord Sieff, financial backer of the 'Police Foundation'.*

Scotland Yard reacted to the media wind-up by sending SPG goon squads to Chelsea to violently harass and abuse NF members peacefully selling *NF News*.

NF News Editor Martin Webster and South London NF Regional Council representative Michael Salt visited Assistant Commissioner Wilfred Gibson at Scotland Yard to protest against this harassment.

Mr. Gibson assured them that "no orders have been issued from this office to hound *NF News* sellers off the streets as a matter of policy." He declared that any such campaign by the Police "would be unlawful".

But the SPG harassment continued. SPG officers wear the letter CO – Commissioner's Office – on their uniforms.

Furthermore, in his exclusive interview to the *Jewish Chronicle*, the head of Scotland Yard's Community Relations Branch, Commander Malcolm Ferguson, expressed:

". . . A strong desire to stamp out the sale of extremist literature outside football grounds. Policemen on matchday duty were told to keep an eye out for sellers!"

So much for Mr. Gibson's assurances!

POLICE CHIEF URGES COMBINED ANTI-RACIALIST EFFORT

Jewish Chronicle, 10th April 1981

By BARRY TOBERMAN

In an exclusive interview for the JEWISH CHRONICLE, the new head of the Metropolitan Police's community relations branch, Commander Malcolm Ferguson, expressed a strong desire to maintain his predecessors' fruitful liaison with the Board of Deputies, to stamp out the sale of extremist literature outside football grounds and to help to make London a place where members of all ethnic groups "can feel free to go about without fear of assault, abuse or attacks on religious buildings."

The interview took place at New Scotland Yard. Commander Ferguson, a pleasant, avuncular man whose desk nameplate is sub-titled in Punjabi, shares the communal concern at the spate of virulently anti-black and antisemitic literature freely distributed in the metropolis.

"Some of the publications have a very closed circulation," he stated, "and any reasonable person seeing them would discount them." Nevertheless, whenever his department was forwarded literature for which there was a reasonable chance of prosecution, a copy was always sent to the Director of Public Prosecutions.

With regard to the sale of racist literature at soccer grounds, pop concerts and in street markets, the Commander pointed out that the sellers could be arrested for wilful obstruction of the highway, which carried a fine of up to £100, with persistent offenders bound over to keep the peace.

He claimed "numerous" arrests outside football grounds and said that policemen on matchday duty were told to keep an eye out for sellers.

SOME POLICE VICTIMS OF THE CRUEL RACE WAR

1. Insp. Dennis Bell, one of the 191 Police officers injured during the race riot in Brixton on 11th April. 2. PC Keith Somers was driving through Handsworth, Birmingham, on 12th March when his car was stoned by West Indian youths. 3. PC Angus Seath was clubbed to the ground and kicked on 10th March when he questioned a West Indian youth who was tampering with cars in a Wolverhampton street. 4. Sgt. Tony Peatman was one of numerous Policemen injured by bricks hurled by West Indian all-night party rioters in Birmingham on 2nd January. 5. WPC Deborah Wilcox was battered to the ground by a West Indian while she was on patrol at Wolverhampton's Mander Centre car park on 11th March. 6. PC Bernard Lavender was one of 17 Policemen injured during the rampage through London of West Indian New Cross Fire protestors on 2nd March.

RED AND JEWISH 'VIGILANTE' GROUPS GIVE "APPREHENSION"

DURING recent months the media has been orchestrated in a campaign to expose alleged NF 'hit' lists, attacks on Immigrants and mythical Nazi terrorist groups such as "Column 88".

The reasons for this campaign are twofold.

Firstly, to try and generate a climate in which the banning of the NF by law might be possible. Secondly, to distract attention from the activities of Left Wing and Jewish terrorist groups.

*Fran Eden (***centre***) with an ELWAR gang in hoods. Waiting for trouble – or causing it?*

As we go to press, Simon and David Reed of Haringey, North London, are on trial at the Old Bailey for an alleged attempted terrorist attack on Excalibur House, the NF owned building in Hackney, during June 1979.

After allegedly attempting to drug a security officer, it is said that they intended to cause criminal damage to equipment in the building with nitric and sulphuric acid and super-glue.

"ARSON"

Still awaiting trial in Lewes Jail, Sussex, on a charge of burning down the works of a printer of racial-nationalist literature is a man with a long record of association with 'militant' Zionist groups going back to 1962. The alleged arson attack took place in November last year.

In December last year a campaign of harassment was launched by Left Wingers in South London to harass Chatham Publishing Co., the publishing firm set up by NF Deputy-Chairman Richard Verrall in Streatham.

Jeremy Weinstein (SWP), Chairman of Wandsworth Trades Council

Since then, in addition to a poorly-supported protest march, there have been vandalistic attacks on the premises, and staff have been subjected to regular death threats and threats of arson attacks, via postal and telephone communications.

Leading the protest campaign against Chatham Publishing Co. are Jeremy and Jenny Weinstein. Both are leading local activists with the Socialist Workers' Party and the Anti-Nazi League. Jeremy is Chairman of the Wandsworth Trades Council.

Trade unionists are asked to send resolutions deploring the harassment of Chatham Publishing Co. to Mr. Weinstein at 69 Hillbrook Road, S.W.17 (01-767 2039).

Mr. Ronnie Franks is the head of the 'British' section of the international Jewish terrorist group, the Jewish Defence League.

The JDL was set up in America by Rabbi Meier Kahane where a number of bomb attacks were made on pro-Palestinian diplomats. Kahane subsequently went to Israel where he organised bomb attacks on West Bank Arab mayors.

Franks announced recently: "In America the JDL encourages members to arm themselves, and I would not hesitate to tell British members to do the same if need be."

Another group to hit the headlines recently is East London Workers Against Racism (ELWAR) – a 'vigilante' group formed by the Revolutionary Communist Tendency.

ELWAR's leader Fran Eden wanders about London's East End at night with gangs of karate experts looking for anti-Immigrant skinheads to beat up.

She has admitted that at least one ELWAR member was arrested helping Black rioters at Brixton.

WHITE PUPILS SUFFER IN RACE-MIX SCHOOLS

WHITE children lose out educationally in schools where they are outnumbered by Immigrant children. This was one of the findings of a report by the Schools Council, a Government-funded educational group.

The report, published in March, calls for action to help "White British" pupils in schools situated in multi-racial areas.

The report recorded that the head teachers of many such schools "stressed that the needs of White children tend to be ignored."

Described as "the biggest survey into multi-ethnic education for 10 years," the Schools Council surveyed 525 state schools and 90 per cent of the 104 education authorities.

No less than 60 inner city head teachers warned:

"White children are missing out at school because of the attention teachers gave pupils with problems from Immigrant backgrounds."

NEGLECT

The situation has now got so bad that the report recommended that teachers should get special training to learn how to cope with *White* children's problems!

Neglect by Immigrant obsessed teachers is by no means the only problem confronting White children in multi-racial schools.

All too often they also have to cope with violence and extortion by gangs of Black children and political victimisation by Red teachers.

Authenticated accounts of just these factors have been reported to *NF News* by NF members living in Wandsworth, South London.

EXTORTION

One reported:

"My parents and I could not understand why my kid brother, who has just started a Secondary School, kept on begging for extra cash every day.

"Then we found out that a gang of big Black kids wait for younger Whites at the school gate and threaten them with beatings unless they cough up cash."

The other member – a bright 15 year old – reported: "Last year my English teacher was an SWP member. Before I even joined the NF he guessed I was anti-Red, so he told me:

" 'You're good enough to do a GCE exam, but I don't like your attitude, so I'm not going to recommend that you stay in the GCE class.'

"Now I'm doing a CSE English course, and my new English teacher told me not to complain as I should get a top CSE grade, which he says is nearly as good as a GCE 'O' level pass."

And they wonder why White working class youngsters are flocking to join the NF!

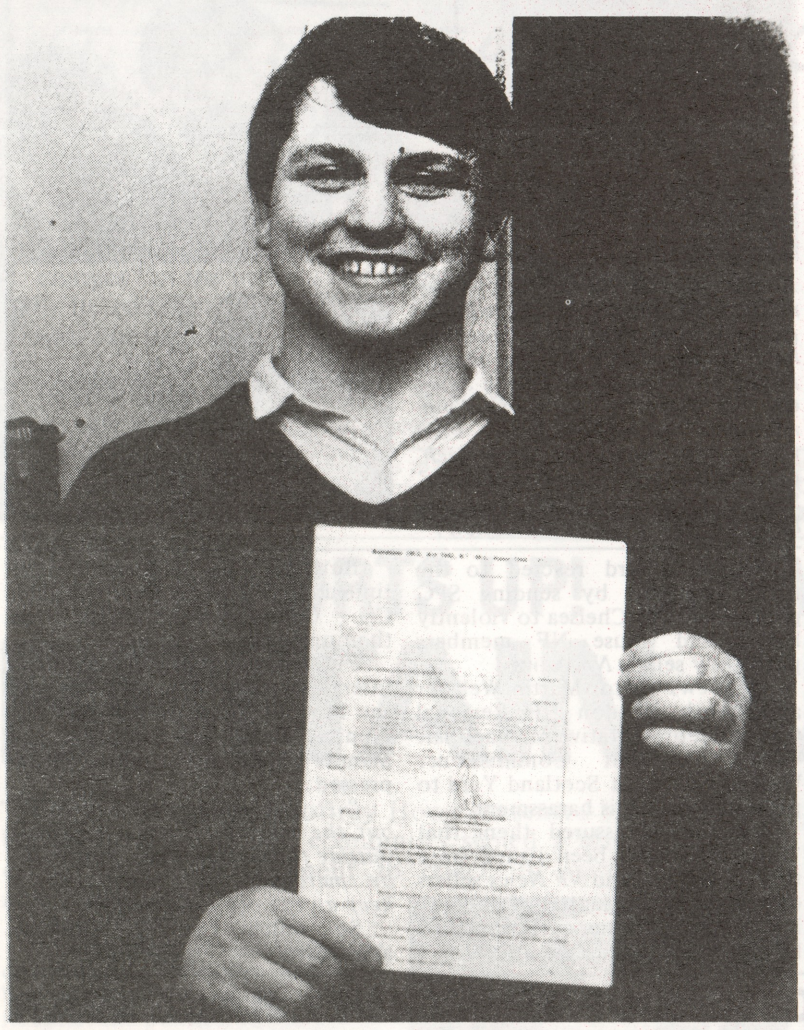
JOE PEARCE GETS FIVE RACE ACT SUMMONSES



YNF Organiser Joe Pearce holds a wad of five Race Relations Act summonses

WITH breathtaking courage the Government's Race Relations Gestapo has decided to get tough with 20 year old Joe Pearce, Editor of the Young National Front's paper *Bulldog*.

Not wanting to cast themselves in the role of bullies, they waited until one month after Joe ceased to be a teenager, and then they served him with FIVE Race Relations Act summonses on Monday 30th March.

The summonses allege that issues 15 to 19 of *Bulldog* were "likely to stir up racial hatred" against Coloured Immigrants. Tsk! Tsk!

Issue 15 was published *16 months ago*, so the decision to prosecute it shows what a decisive lot they are in the office of the Attorney General!

By prior arrangement, the Summonses were served on Joe by two grumpy constables from Scotland Yard's Community Relations Branch at the Islington home of NF member Mr. George Wilson, BEM, who allowed YNF members to hold a party there to mark the auspicious occasion.

The cops were so taken aback by an invitation to come in and join the party, flustered by an NF cameraman, and irritated by Joe's "Thanks very much – I'm over the Moon!" attitude, that they quite forgot to give the formal caution and invitation to make a statement.

Joe would like as many NF members and supporters as possible to join him at 1.45 pm at Old Street Magistrates Court on Thursday 7th May for a *Bulldog* sale and demonstration.

Two grumpy Community Relations cops stump away into the night after serving Joe with the summonses

RON AND GINGER DEFY RED MOB

PORTSMOUTH saw its first NF regional march on Saturday 4th April when 130 Hampshire and Sussex members demonstrated in support of two local NF County Council candidates – Mr. Ron Hadlow and Mr. 'Ginger' Knight. After a series of confrontations with a mob of Red students, the NF members held a rally at the South Parade.

ASIAN SHOPS BAN

ACCRINGTON NF Organiser David Riley has evolved an effective – and lawful – technique to prevent Immigrants opening up squalid shops in White areas.

The moment he gets to hear of an Immigrant's planning application, Mr. Riley runs off a duplicated leaflet warning local White residents and urging them to lodge strong complaints with the Town Hall Planning Department and local Councillors.

So far this year Mr. Riley has prevented one Ashiq Hussain from converting a house into a grocery store, and prevented one Suleiman Tabbalat from converting a house into a take-away food shop.

Tabbalat was so enraged he threatened to quit Britain and take his wife and two children with him!

Y.N.F. JOBS MARCH

"BRITISH Jobs for British Workers!" was the theme of a march organised by South London Young National Front members and held in Croydon on Saturday 28th February.

Two hundred marchers – mostly youngsters – marched peacefully through the town. Local Communist groups made a pitiful attempt to counter-demonstrate.

After the march an open-air rally was held. Main speakers were YNF Organiser Joe Pearce and YNF Students Organiser Nick Griffin.

Members of the very active Croydon YNF branch have been helping to form a new unit of the YNF in nearby Sutton.

The new unit held a newspaper sales drive in Sutton recently, and a march is planned soon.

NF EVADES MARCH BANS

ONCE again an alliance comprising the Home Secretary, Chief Constables and local Councils has failed to stop the National Front holding a "British Jobs for British Workers!" march.

Six hundred NF members (even the press granted 500) marched high-spiritedly but peacefully through the West Yorkshire town of Huddersfield on Sunday 22nd March.

Originally the NF planned to stage the march in Leeds, which is also in West Yorkshire. But the Home Office tipped Chief Constable Ronald Gregory to apply for a Public Order Act ban.

A ban covering the Leeds area only was promulgated, so the NF put in hand plans for a surprise march somewhere else in Yorkshire. NF coach parties were directed to a rendezvous point on the M1 in South Yorkshire.

The South Yorkshire Chief Constable got wind of this and secured (with dubious legality) a march ban throughout the whole of the county. He needn't have bothered.

The NF convoy descended on Huddersfield. West Yorkshire Police had to rush there from Bradford (where they were certain we were planning to march!).

The march was led by NF Chairman Andrew Brons.
